

# INDUSTRIAL STEEL SHELVING

**New Colour!  
Now in  
Light Grey**

## MAIN FEATURES:

- Standard colour is light grey
- No-bolt shelf design saves up to 80% of installation time
- Employs an innovative shelf clip, which slips into a slotted "T" post
- Shelves are 18-gauge steel with a **630 lbs. cap. (36" W) and 315 lbs. cap. (48" W)** for evenly distributed loads
- Shelves come in various sizes with a height of 1"
- Extra shelves may be added to standard units to increase storage capacities
- Shelves are adjustable every 2"
- All units shipped knocked down

## OPEN TYPE SHELVING

- Provides strong and economical storage systems for any plant, warehouse or office
- Starter units include number of shelves required for application, 4 "T" posts, 2 pairs of side sway braces and 1 pair of back sway braces
- Same for add-on units, except only 1 pair of side sway braces, and 2 posts are required

Model No.	Height	Wt. lbs.
-----------	--------	----------

### POSTS

RK550	8'4"	10.0
RK551	6'4"	8.0
RK548	7'4"	9.0

### BRACES

RK472	Back braces (pr.)	4.0
RC453	Gussets (pr.)	1.0
RK565	Side braces (pr.)	2.0

For shelves & other components see below

## CLOSED TYPE SHELVING

- Starter units include number of shelves required for application, 2 end panels, 1 back panel and 1 base plate
- Same for add-on units, except only 1 end panel is required

Model No.	Dimensions W x H	Wt. lbs.
-----------	------------------	----------

### BACK PANELS

RK470	48" x 6'4"	25.5
RK468	48" x 7'4"	29.5
RK471	36" x 6'4"	19.0
RK469	36" x 7'4"	22.0

### SIDE PANELS

RK522	12" x 6'4"	21.0
RK523	12" x 7'4"	23.5
RK530	24" x 6'4"	27.0
RK531	24" x 7'4"	31.0
RK537	18" x 6'4"	24.0
RK538	18" x 7'4"	27.0

### DOORS

RK575	36" x 6'4"	43.0
RK576	36" x 7'4"	50.0

For shelves & other components see below

To order open or closed type shelving, determine the height, the number of shelves, and the shelf dimensions that suit your application. If multiple units are to be connected, order one starter unit, and add-on units for the balance. If a larger number of shelves are required than the units shown, order extra shelves. Shelves may be added at 2" intervals. Styles available are unlimited, please contact us.

## STANDARD COMPONENTS

### FOR BOTH OPEN AND CLOSED SHELVING

**RC136**  
With 72 Shelf  
Boxes RC486

Model No.	W"	Shelf Size x D"	Wt. lbs.
-----------	----	-----------------	----------

### SHELVES

RK552	36	x 12	8
RK558	36	x 18	12
RK561	36	x 24	15
RK554	48	x 12	11
RK560	48	x 18	15
RK563	48	x 24	19

### SHELF DIVIDERS

RK491	12	x 12	1.25

# SLOTTED ANGLE SHELVING

## SLOTTED ANGLE SHELVING

- Ideal for shelving and storage systems, work benches, tubing storage, protective framing around machinery, platforms around assembly projects, etc.
- Choose from the various components available, or pre-configured shelf units
- Unique boltless clip design allows for adjustability of shelves easily and effortlessly
- To ensure stability, it is recommended that 3 shelf levels are bolted when using boltless clips

# WIRE SHELVING & CARTS

## WIRE SHELVING

- Easy and quick shelf assembly
- Numbered posts for easy adjustment
- Easily converts into a mobile unit with the addition of casters
- Accessories such as baskets, dividers and matting allow for complete customization of unit
- Capacity: 800 lbs./shelf
- Chrome finish

*Build your own shelving system in minutes!*

### SHELVES

Model No.	Dimensions D" x W"	Wt. lbs.
RK085	18 x 36	8.5

RK113	Plastic Split Sleeves	4
RK114	Add-on Shelf Connectors	4
RK115	S-Hook, for hanging items off of shelf	1

## UTILITY CART

- Easy to manoeuvre around the office and commercial areas
- Comes with three 18" x 30" shelves, four 3" casters (2 with brake) and push handle
- Capacity: 300 lbs.
- Weight: 28.5 lbs.
- Chrome finish

Model No. RK116

## WIRE BASKET UTILITY CART

- Designed for durability and manoeuvrability, ideal for office mail distribution
- Includes two 18" x 30" shelves, 2 convenient slide-out wire baskets, and four 3" casters
- Capacity: 400 lbs.
- Weight: 31.5 lbs.
- Chrome finish

Model No. RK117

## UTILITY CARTS

- Strong, economical and versatile
- Ideal for office or warehouse use
- Include donut bumpers, 4" poly swivel casters and push handle
- Overall height is 35"
- Chrome finish
- Shipped knocked down

# WIRE SHELVING

## ADAPTA-PLUS WIRE SHELVING UNITS

- Open wire construction maximizes light penetration for better visibility, air circulation, and water coverage from sprinkler system
- Rugged square post construction
- Chrome finish posts are 16 gauge and stainless steel posts are 18 gauge
- All posts include plastic top caps and leveling feet
- Shelves feature a capacity, depending on the width, from 800 to 1000 lbs. (based on static loads that are evenly distributed)
- Standard shelves can be assembled on a 2" slope

### CHROME FINISH:

- Impervious to the accumulation of dust
- Used widely in assembly line areas, manufacturing, electronics industry, offices and storage rooms

### TECH-SEAL™:

- A state-of-the-art process to prevent corrosion
- Assures resistance to water, humidity, salt and UV
- Guaranteed for 10 years against rust formation

### STAINLESS STEEL FINISH:

- Made from #304 stainless steel
- Fully corrosion resistant and used mainly in clean rooms or food processing applications, anywhere bacteria cannot accumulate

# RACKING & SHELVING UNITS

## PRONTO BULK STORAGE RACKS

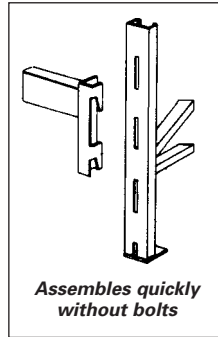

- Up to 2000 lbs. capacity per shelf
- Starter unit includes two all-welded end frames, and three 5/8" presswood shelves flush-fitted into positive locking steel shelf beams (2 per shelf)
- Add-on units include only one end frame
- Additional shelves may be added into any unit at 4" vertical centres
- For extra stability and rigidity, all units feature three safety bars per shelf
- Blue enamel finish
- Rack only units (no wood shelves) are available upon inquiry

**NOTE:** Not recommended for powered lift truck applications.

## DOUBLE RIVET BULKY STORAGE RACKS

An economical solution to any storage problem... from the supplies storage room, to the larger warehouse application.

### Key features include:

- 7' H units have 4 shelves, 10' H units have 5 shelves
- Shelves adjustable on 1 1/2" centres
- Standard heights: 7' or 10'
- Standard depths: 30" or 48"
- Standard widths: 6' or 8'
- Starter and add-on units available
- Centre deck support for each shelf
- Each shelf includes 5/8" presswood deck
- 6' W units have a capacity of 1000 lbs/shelf
- 8' W units have a capacity of 620 lbs/shelf
- Baked enamel finish
- Colour: light putty

Components assemble easily without the need for special tools or fasteners. All you need is a rubber mallet.

# PALLET RACKING

## UPRIGHTS & STRINGERS

Make every inch of your storage space count by combining standard sized uprights and stringers (Box Type or Recessed Type) to create a racking system that is customized to your needs.

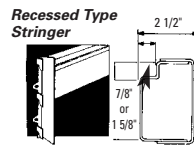

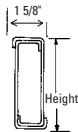

- Feature a 50 K.S.I. minimum yield to achieve higher load capacities
- Various racking accessories (below) may be added to store any specialty items that regular racking cannot handle
- All racking is FOB Concord, Ontario

Please contact our sales department for further technical assistance.

## ACCESSORIES FOR PALLET RACKING

B40

### UPRIGHT PROTECTOR

- Protects industrial racking from those damaging impacts that can cause unsafe conditions
- Made from 1/4" thick steel with a 90° bend
- 18 1/4" overall height; 4 3/4" inside depth; 7" overall depth and 5" sides
- Weight: 12 lbs.
- Highly visible safety yellow
- 4 pre-drilled holes made for 1/2" anchors (not included)

Model No. RB925

# STORAGE RACKS

## BAR STORAGE RACKS

All steel vertical and horizontal racks are ideal for storing bars, tube, pipe and angle. Economical knocked-down design reduces storage and shipping costs.

### COMBINATION VERTICAL RACK

- Stores bars up to 12' long and features 3 shelves for extra storage of small parts
- 8" deep arms divided into 3 sections
- Base size: 36" x 24"
- Height: 84"
- Capacity: 3000 lbs.
- Kleton blue finish
- Wt.: 128 lbs.

**KLETON**

Model No. **RB959**

### HORIZONTAL BAR RACK

- Stores bars up to 10' long
- 9" deep arms with 9 storage levels at 6" intervals
- Capacity: 1800 lbs.
- Base: 30" sq.
- Height: 84"
- Kleton Blue finish
- Wt.: 68 lbs.

**KLETON**

Model No. **RB958**

### MOBILE PIPE AND BAR RACK

- Safely stores up to 1000 lbs. of material
- Folds to compact size of 61" x 34" x 15 1/2"
- Features 4 rack levels with curved edges to prevent pipe from rolling off
- Constructed of structural square tubing
- 2 swivel and 2 rigid, 6" hard rubber casters
- O.A. Dim.: 58 1/2" W x 34" D x 58" H
- Kleton blue finish
- Wt.: 100 lbs.

**KLETON**

Model No. **RB951**

## MINITREE™ CANTILEVER RACK

- Light-duty adjustable arm cantilever rack
- Efficient storage of plastics, conduit, extrusions, hydraulic tubing, etc.
- Capacity/arm: 250 lbs.
- Overall dimensions: 36" W x 18 1/4" D x 76 1/4" H (single); 36" W x 30" D x 76 1/4" H (double)
- Shipped knocked down

Model No.	Description	Capacity lbs./Column	Wt. lbs.
RG621	Single-Sided, 14 Single Arms	1750	165
RG622	Double-Sided, 14 Double Arms	3500	215

## QUIK-TREE® CANTILEVER RACK

- Ideal for storage of steel, iron, aluminum, wood or plastic pipe
- Seven 14" arms per column side and adjustable on 1 1/2" centres
- Capacity/arm: 500 lbs.
- Overall dimensions: 36" W or 72" W x 21" D x 84" H (single); 36" W or 72" W x 34" D x 84" H (double)
- Shipped knocked down

Description	Brace Set L'	Cap. lbs./Column	Model No. Starter	Wt. lbs.	Model No. Add-on	Wt. lbs.

Double-Sided, 28 Arms	6	7000	RB173	363	RB172	207

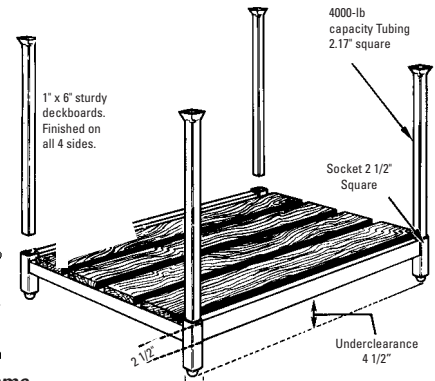

## AIRECTOR®

- Constructed of a welded base unit that includes a steel reinforced wood deck and a set of 4 welded tubular steel posts
- Features a 4000-lb stacking capacity and can be stacked up to 4 units high
- Includes 1" x 6" sturdy deckboards
- Utilizes warehouse airspace and can be easily relocated
- Base frame has six centre supports for 4-way entry by lift trucks
- Posts and bases sold separately

Model No.	Description	Dimensions W" x L"	Wt. lbs.
RB954	Wood Deck Base	42 x 48	96
RB955	Wood Deck Base	42 x 60	114
RB956	Wood Deck Base	48 x 48	111
RB957	Wood Deck Base	48 x 60	127
RB966	Posts (set of 4)	36" H	46
RB967	Posts (set of 4)	42" H	52
RB968	Posts (set of 4)	48" H	58

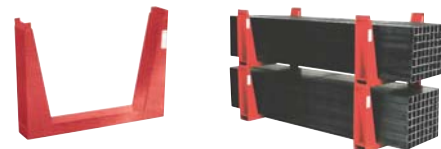

Bottom base frame 4-way entry

## STACKING U-RACKS

- Lightweight, inexpensive and easy to use
- Stacks up to four units high
- All welded construction
- Inside dimensions: 16 1/2" W (bottom) x 25 1/4" W (top) x 15 3/4" H
- Units are packaged and sold individually

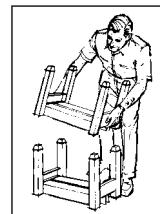

Model No.	Capacity lbs./pr.	Wt. lbs.
RB969	6000	25
RB970	10000	30

## PORTABLE STACKING RACKS

- A highly flexible storage system that is expandable in length, width and height
- Sturdy, yet lightweight, easy for one person to assemble
- All welded steel construction requires no tools or fittings

Model No.	Overall Dimensions W" x L" x H"	Cap lbs.	Wt. lbs.
RB952	12 x 16 x 13 1/2	2500	18
RB953	14 x 19 x 17	3700	25.5
RB964	15 x 22 x 20 1/2	5600	31
RB965	16 x 26 x 23 1/2	7500	44

# PIPE FITTINGS

There are many variations of fittings to suit a wide range of applications, providing the versatility to achieve any structural configuration. *Kee Klamp*® fittings are galvanized malleable iron castings designed to suit eight sizes of tube.

A standard hex key and tube cutters are the only tools required to create strong, rigid structures.

Recessed set screws, tightened by the hex key, firmly lock the tube into the fitting. The setscrew is manufactured in casehardened steel and is coated to protect against corrosion.

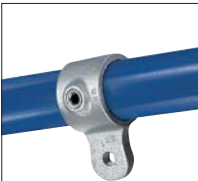

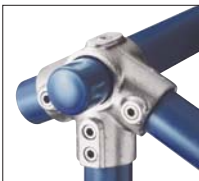

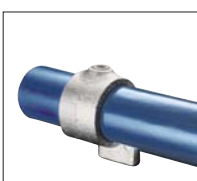

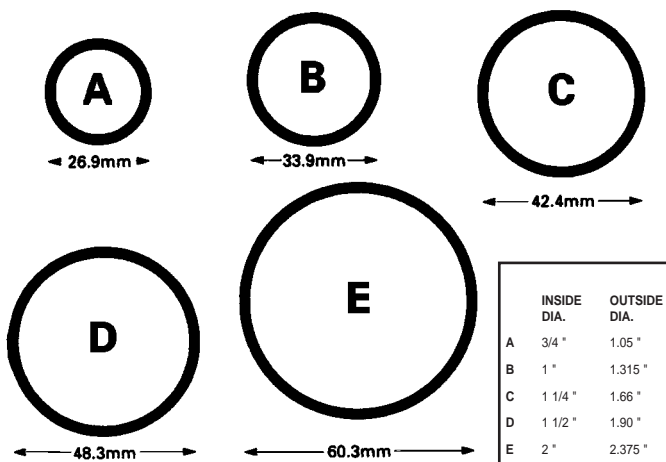

## KEE KLAMP®

- Simple method of constructing tubular structures
- Cost effective alternative to welding
- Galvanized to resist corrosion

## PIPE

Build an unlimited array of strong rigid structures combining standard black iron (unthreaded) pipe or galvanized (threaded - on one side) pipe (schedule 40) , with any combination of corresponding sized *Kee Klamps®* fittings. Pipe sizes are available from 3/4" to 2" (inside diameter). Standard pipe length is 21', with cut lengths available upon request. A cutting charge will be added per cut length of piping.

# STORAGE CABINETS

## WELDED STORAGE CABINETS

- Suitable for office, plant, school or institutional storage needs
- Fully adjustable shelves, recessed handle, cylinder lock, and coat rods (wardrobe and combination types)
- Choose from *Hi-Boy*, *Lo-Boy*, wardrobe, and combination cabinets
- *Lo-Boy* comes with 2 shelves
- Capacity: 150 lbs. evenly distributed

**FB033**  
*Lo-Boy Type*

**FB039**

## HEAVY-DUTY RUBBERMAID® PLASTIC CABINETS

- Durable resin construction is easy to clean, will not rust or crack
- Functional and modular organization
- Doors are lockable (locks not included)
- Quick assembly without tools
- Ventilated shelves hold 180 lbs. each

# SHOP DESKS & CABINETS

## WALL-MOUNTED SHOP DESK

### A SPACE SAVER

The large 34 1/2" W x 30" D x 19" H desktop provides a convenient writing area without utilizing valuable floor space.

24" W x 28" D x 3 1/2" H locking drawer on quiet nylon rollers. Wall mounting brackets included. Grey enamel finish.

**Model No. FH486** 85 lbs.

## FLOOR MODEL FOREMAN'S DESK

Ideal for shipping and receiving clerks, watchmen and shop foremen.

24" W x 28" D x 3 1/2" H locking drawer that glides quietly on nylon rollers. Overall dimensions: 34 1/2" W x 30" D x 53" H. Heavy gauge steel in grey enamel finish. Some assembly required.

**Model No. FH487** 105 lbs.

## CABINET STYLE SHOP DESK

This solid unit offers the convenience of the floor model foreman's desk, with a locking cabinet for added storage space.

Sloping top is a comfortable 43" high at front. Large locking drawer and double door cabinet. Overall dimensions: 34 1/2" W x 30" D x 53" H. Some assembly required. Grey enamel finish.

**Model No. FH488** 150 lbs.

## DELUXE SHOP DESK

4 drawers of filing/storage space and an 8-compartment sorter makes this an all-purpose desk for warehouses, shops and shipping and receiving departments. Comes with one tray drawer with cylinder lock, two double-deep file drawers with recessed handles, and one all purpose drawer. Desk top sorter keeps papers handy and organized. Use lower shelf for extra storage space or as a footrest. Overall dimensions: 39" W x 28 3/4" D x 55 1/2" H. Grey baked enamel finish.

Shipped knocked down.

**Model No. FH459** 179 lbs.

## OPEN STYLE SERVICE WRITER

This unit provides a locking upper door cabinet with one shelf for added storage space. Comes with sloping writing top and large 25 3/8" W x 16 1/2" D x 3 3/4" H locking drawer with recessed pull that opens fully on smooth slides. Use lower shelf for extra storage or as a convenient footrest. Overall dimensions: 31 1/2" W x 21" D x 72 1/2" H. Tan baked enamel finish.

Shipped knocked down.

**Model No. FH386** 127 lbs.

## CLOSED STYLE SERVICE WRITER

Same features as Model FH386 plus a locking lower door compartment with one shelf for storage of large/bulky items. Overall dimensions: 31 1/2" W x 21" D x 72 1/2" H. Shipped knocked down.

**Model No. FH385** 171 lbs.

# STEEL LOCKERS

- Rugged, all-welded steel lockers will provide years of maintenance free service
- Designed for industrial, commercial, mining, institutional, sports, educational and government facilities
- Locker components are welded together, eliminating nuts, bolts and rivets
- Dimensions: 12" W x 18" D x 72" H
- Scratch-proof recessed plastic pocket, 10-gauge padlock hasp
- Doors are completely flush to locker frame
- Ventilation holes on frame cross piece

- Single tier lockers include hat shelf and three hooks
- Double and triple tier lockers have two hooks per opening
- Frame is 16-gauge steel
- Door frames are 20-gauge with full length 24-gauge double panel
- Baked enamel grey paint finish (beige also available)
- Recessed base colour: black
- Custom colours available (subject to min.quantities)
- Mesh door lockers available with slope tops and recessed base

## TO ORDER:

1. Select single, double, triple or six-tier locker.
2. Select a basic locker with sloping top, recessed base or both.
3. Determine the quantity of each bank (banks of 1, 2, 3 or 4).

**Note:** 6-tier lockerette available in bank of 1 only.

# LOCKERS & BENCHES

## PLASTIC LOCKERS

### TRY A NEW GENERATION OF LOCKERS!

- Lockers are maintenance free
- Standard drain holes make them easy to clean: just hose them down with soap and water
- Tough plastic construction makes them perfectly suited for use in food processing plants, athletic facilities or any other wet environment

### SPECIFICATIONS:

- Rust-proof
- Non-corrosive
- No need for painting
- Maintenance-free
- Easy installation
- Space saver
- Easy washing
- Tough polyethylene construction
- Each unit fully assembled

Engravable aluminum plate

Dixie Poly Drum Corp.

# WIRE MESH PARTITIONS & ENCLOSURES

Rugged **Kleton** wire mesh partitions and enclosures provide maximum security at a minimal cost. Ideal for tools, valuable inventory, hazardous materials and any area of your plant where restricted access is required. Bolt-down posts and reinforced panels provide strength and rigidity for any application. Welded wire mesh panels permit full visibility and allow for unrestricted circulation of air, heat and light, providing an ideal storage facility.

Other colours are available.

## FEATURES:

- 2" x 2" x 10 gauge wire mesh
- 10 gauge frame (stiffeners included on all applicable sizes)
- Pre-drilled modular components allow for quick and easy installation
- High visibility area
- Kleton Blue finish

## WIRE MESH PARTITION COMPONENTS

*Everything necessary to create your own custom enclosure. Fast and easy assembly, multiple sizes available.*

Please follow these guidelines for determining the components required:

**Panels** - Whenever possible, stacking panels horizontally (one above the other) is more economical than placing them vertically (next to each other) - this is because fewer posts are required for wall support when panels are stacked.

### EXAMPLES:

- For an 8' high partition, stack 2 Model **KD037** (4' X 8') panels horizontally
- For a 10' high partition, stack 2 Model **KD037** (4' x 8') and 1 Model **KD033** (2' x 8') panel horizontally
- For a 12' high partition, stack 3 Model **KD037** (4' x 8') panels horizontally

**Posts** - A post must be placed at each end of every panel (or of every stack of panels). Use line posts between in-line panels for support, use corner posts when a 90° corner or a "T" joint is required. (Be sure to calculate an extra 2" of overall wall length for each post added). When a post meets an existing wall, add 1 **KD115** wall bracket for proper support (fasteners are included with **KD115** to mount to post, not to wall).

**Swing Doors** - All are 7' in height and include a 1' transom for a total of 8' in height. They may swing outwards to the left or to the right (except the **KD112** swing door with wicket which swings open to the left only). Fasteners are included.

**Sliding Doors** - All sliding doors may slide open to the left or to the right. In order to properly mount a sliding door, a post must be located on the side onto which the door slides, at the same distance away from the opening as the doors' width.

**Adjustable Filler Panels** - Adjustable filler panels fill in blank spots on the ends of wire mesh partitions to plug up potential security risks. Filler panels come in two sizes: 1' x 4' and 1' x 8', and slide over the ends of the existing wire mesh sections. Bolt holes on the filler panels are separated per every inch and allow the filler panel to fill in a space between 6" and 10" wide. The holes line up with holes on the existing panel which are drilled in at the top and bottom to securely fasten the filler panel in two places.

**For Roof Installations** - Please contact us or fax us your floor plan.

<b>KD048</b> add	6 x <b>GD128B</b> ,	2 x <b>KD001</b>
<b>KD050</b> add	12 x <b>GD128B</b> ,	2 x <b>KD001</b>

# CURTAIN PARTITIONS

Curtain partitions screen, isolate, enclose and protect any area of any size. Commonly used in welding and paint shops, but can be used anywhere. Brackets designed for wall or ceiling mount but can be self supported by floor stands. Large selection of drape material can be utilized with any curtain.

## DESIGN YOUR OWN CURTAIN

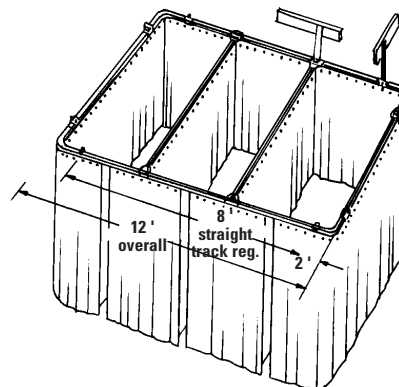

**CURTAINS** - Take exact length of area of enclosure and add 10% fullness for proper draping. Then multiply length & height to obtain square footage. Curtains hemmed on top and two sides 2" pocket on bottom side. Brass grommets spaced every 12". Refer to model number for square footage cost of fabric required.

**TRACK** - Straight and curved, straight track available in 5' and 10' lengths. Curved corners are 3' long with 2" radius welded splicer on each end included. When using a curved track, length is increased by 2'. e.g. 8' straight track with a curve at each end overall = 12'.

**CARRIERS** - Since curtains are made to any length be sure to add one additional carrier to actual length of curtain ordered. For example every 10' of curtain is fabricated with 11 grommets on top side. Therefore 11 carriers are required. A double carrier should be used at the beginning of each curtain. Steel roller carriers are permanently lubricated enclosed bearings.

**CLAMPS** - Available for flush ceiling/beam mounting and floor mounting. Clamps can also be used as track splicers. All fasten with supplied Allen bolts. Order sufficient clamps to support track every 5'. **Standards** - When free standing uprights are required, be sure to specify clamps for fastening track to angle brackets on uprights. Standards are required every 8'. Other custom heights on application.

**NOTE:** All standards should be lagged to floor with 5" lags and shields or welded as required (lags not included).

# STRIP CURTAIN DOORS

Everything you need in one package to install your own strip curtain door and save money!

## ORDERING INFORMATION

Every strip curtain door comes complete with PVC strips and universal hardware for mounting strip curtain. Simple to follow installation instructions are included in every package.

1. Determine inside width and height of door opening.  
**NOTE:** If mounting on door above lintel, measure from floor to mounting height.
2. Select type of PVC material required:  
STANDARD or LOW TEMP.  
Standard recommended for temperatures from 17°C to 66°C.  
Low Temp. recommended for interior use only for temperatures from -40°C to 37°C.
3. Select from the standard sizes listed in the chart below.  
**NOTE:** If required size is not available, order the next largest size.  
Installation instructions describe how simple trimming can custom fit almost any door opening.
4. Special size doors and hanging applications are available upon request.
5. For overhead doors, please call one of our sales representatives for assistance.

## INTERIOR DOORS

### Save energy costs

- The optimal solution to open door heat/cooling loss

### Reduce noise pollution

- Provides the ideal accoustical barrier around noisy equipment

## CONVEYORS

### Provide extra safe passage

- People can see and be seen so there's less chance of accidents

### Control smoke, dust and sprays

- Strip curtains can control in-plant contaminants to improve employee environment

## DOCKS

### Low maintenance

- Clear flexible vinyl resists stretching and stands up to abrasion
- All aluminum hardware is used for maximum durability
- May be quickly and easily cleaned with detergents or cleansing agents that are free from abrasives
- Deep stains and ingrained dirt etc. can be removed by carefully applying ethanol

Every strip curtain door comes complete with PVC strips and universal hardware for door or wall mounting. Simple to follow installation instructions included in every package.

## EASY TO ORDER

It's easy to order the strip curtain that fits your door exactly because seven standard sizes can be made to fit 95% of most door openings. Special sizes are available.

## STANDARD DOOR SIZES

Strip Size	Door Opening W' x H'	Wt. lbs.	Model No. Standard	Model No. Low Temp.

# SAFETY GUARDS & BOLLARDS

## PERIMETER GUARDS

- Create your own barrier guards with 2 styles to choose from: 2" x 2" welded wire mesh or 2" square tube
- Both feature a unique 49 1/2" overall height, and are easily installed
- Posts are constructed of 2" square tube with 5/16" base plate with holes for anchoring to floor
- Colour: Safety yellow

Model No.	Description	Dimensions			Wt. lbs.

# HEATERS & FANS

## RADIANT PLUG-IN UNDER DESK HEATER

- Safe comfortable radiant heat
- Extremely economical to operate - only draws 1.4 A
- Will not effect computer work stations
- Includes velcro tabs and wire support hardware for easy installation
- Lighted on-off kick switch
- Built-in safety tip-over switch

Model No. BA960

Volts	Watts	Amps	Dim"
120	170	1.4	15 x 22 x 1

## PORTABLE FAN FORCED/RADIANT UTILITY HEATER

- Three heat settings provide fuller comfort and efficient operation
- 600 W radiant, 900 W fan forced
- 1500 W fan forced and radiant
- Automatic built-in thermostat
- Tip over safety switch and thermal limit
- Chrome-plated safety grille
- Ceramic core element

Fahrenheat.

BA963	120	600/900/1500	2048/3072/5120	5.0/7.5/12.5

## PORTABLE OPEN COIL HEATER

- Two heat settings (1500 W and 1000 W)
- Provides full comfort and efficient operation
- Fully adjustable automatic thermostat
- Safety overload switch
- Power signal light
- Top mounted handle and controls
- Grounded plug and controls

Model No.	Volts	Watts	BTU/H	Amps
BA967	120	1000/1500	3410/5120	8.3/12/5

## INDUSTRIAL GRADE, HIGH VOLUME BELT-DRIVE DRUM FANS

High volume, heavy-duty portable air circulators are ideal for cooling warehouses, garages, workshops and other similar buildings. Heavy-gauge, sturdy steel construction provides durability. Large rubber wheels and two handles for easy movement. Complete with 10' grounded cords. CUL approved.

## FAHRENHEAT HEAVY-DUTY CEILING MOUNT HEATER

- Multi wattage covering 2500-5000 W (2500 W, 3332 W, 4165 W, 5000 W)
- Rugged heavy-duty industrial heater
- Ideal for use in barns, storage rooms, workshops, garages, warehousing
- Built-in ceiling bracket for easy mounting
- Automatic fan delay
- 240 V

Fahrenheat.

Model No. EA012

## FAN-FORCED COMPACT UNIT HEATER

Mounts on walls or from ceilings as a source of primary or spot heating. Airflow can be directed horizontally, vertically, or at any angle in between for precise control.

- Can be used with both 240 and 208 volts
- Multiple wattage selector switch
- Fan only setting
- Built-in bi-metal thermostat
- Completely enclosed fan motor

Model No.	Volts	Watts	BTU/H	Amps	Wt. lbs.

## 18" FLOOR FAN

- 18" floor fan is ideal for different areas, from the store to the warehouse and for offices where air circulation is needed
- 3-prong plug with heavy-duty ground industrial wire
- Rear mounted controls
- Powerful, quiet 3-speed motor
- Rotates up for vertical airflow
- 120 V

Model No. BB116

## 20" BOX FAN

- Slim line
- 5 slim blades
- 3-speed whisper quiet operation
- Durable steel body
- No tools required for assembly

Model No. BA330

B55

# AIR CIRCULATING EQUIPMENT

## AIR CIRCULATING FANS

- Effectively cools large areas in factories, offices, stores, cafeterias and other public places
- Provide relief from heat by creating gentle movements of air
- 2 speeds, 120 V, ball bearing totally enclosed permanently lubricated permanent split capacitor with pull chain
- Built-in thermal overload protection included
- Fan heads are available on an adjustable pedestal base or a rugged wall mount
- The heavy gauge 27" steel dome base is connected with 5 carriage bolts and is adjustable from 48 7/8" to 74 5/8" high
- The one-piece rigid wall mount bracket can be installed on wood, metal or concrete (hardware not included)
- Precision balanced coated steel blades
- Double locking chrome plated fan guards
- 3-conductor SJT type cord for added safety
- Meets OSHA standards, UL and ULC listed

### INDUSTRIAL AIR CIRCULATORS (NON OSCILLATING)

#### 1/4 hp 2-speed motors

EA133	EA134	30	MACH30	120	1/3	2.8	8900-6900

## LEADING EDGE CEILING FANS

Ceiling fans will recirculate warm air and heat from the ceiling and push it down. In summer a ceiling fan system supplements air-conditioned areas by reducing the temperature. They will save energy and cut fuel costs. Adjustable speed control not included.

### HEAVY-DUTY COMMERCIAL CEILING FANS

- 36" fan is designed for smaller areas
- Ideally suited for isolated areas and as a supplemental cooling fan

### HEAVY-DUTY INDUSTRIAL CEILING FANS

- 56" fan for spacious applications where maximum area coverage is required
- For both heat destratification and summertime cooling
- Powerful, heavy-duty motor for mounting heights to 45 feet

### REVERSIBLE CEILING FAN

- Patented dual pitch fan provides identical airflow volume in either forward or reverse rotation
- Ideally suited for exhausting stale air and condensation removal
- For industrial applications with mounting heights of 10' or higher

Model No.	Blade Size"	Max Volts	CFM	* Area Coverage Per Fan	Wt. lbs.

BA320	56	120	27,000	3800 sq.ft.	24
-------	----	-----	--------	-------------	----

\*Area coverage rated for heat destratification at 20' blade mounting height.

## ECONOMICAL CEILING FANS

Prevent heat loss in your plant, cut fuel costs by up to 30% and increase employee productivity with these economical ceiling fans.

For: manufacturing plants, warehouses, repair shops, aircraft hangers, restaurants, indoor tennis courts, auditoriums.

- Recirculates hot air and heat from ceiling down to floor and work area
- Use wasted heat from production processes and lighting systems
- Air movement in summer reduces humidity and temperature 8° (chill effect)

- Readily installed, uses 110 V/60 Hz

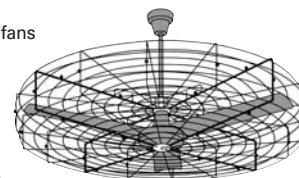

Model No.	Fan Dia."	CFM Air Del.	Floor Area Covered
BA152	36	7,100	600 cu.ft.

## EXHAUST FANS & PANEL FANS

### WALL EXHAUST FAN

- Sturdily constructed, direct drive, horizontal discharge for industrial, commercial and farm applications
- Constructed from all-aluminum extrusions
- Heavy-duty OSHA motor mount/guard
- Ball-bearing with overload protection
- Aluminum shutters automatically open when fan starts and close when fan stops
- Complete with aluminum shutters

Exhaust Fan

### EXHAUST SERIES

The Exhaust series comes equipped with aluminum louvres which opens automatically when fan is operating.

## OFFICE FANS

- All around general purpose fans are light duty
- Best suited for office environments
- 3-speed oscillating except for EA068 which is 2-speed non-oscillating

Model No.	Description"
EA068	6 Clip-on/Desktop
BA175	12 Desk
EA070	16 Desk
EA071	16 Pedestal
EA072	16 Pedestal w/remote
BA778	18 Pedestal

## INDUSTRIAL ROLL-AIR MODEL CART MOUNTED 18" FAN

- Ideal for manufacturing, warehouses, workstations, etc.
- Cart features 5" diameter plastic wheel
- Cart height is fully adjustable from 33" to 50"
- 18" fan head is 3-speed
- Energy efficient - draws only 2.6 Amps

### Specifications:

- CFM: 5500 - high speed, 4600 - medium speed, 3500 - low speed
- Motor: 1/8 HP
- Weight: 24 lbs.

Model No. EA041

## 20" COMMERCIAL AIR CIRCULATOR

- Ideal for offices, retail, banks, hotels, etc.
- Energy efficient - draws only 2.1 Amps
- Rugged all metal construction - adjustable height up to 60"
- Pull chain switch - 3-speed control
- Double locking guard for safety
- 72" grounded power cord
- cULus approved and also meets OSHA standards specifications
- CFM: 5950 - high speed, 3500 - low speed
- Motor: 1/6 HP drip proof motor
- Weight: 32 lbs.

Model No. EA009

# BALANCERS & REELS

## BALANCERS

- Designed to enhance productivity, comfort and safety
- Protect tools from being damaged
- Aircraft (steel/nylon) cable and a standard 360° swivel hanger
- No force required to maintain load, light force to position load
- Installed easily in minutes
- Recommended that a secondary support chain/cable be attached to equipment suspended overhead

## AUTOMATIC REWIND AIR HOSE REELS

- Rubber hose
- 300 PSI/20 Bar maximum working pressure
- 3' lead-in supply hose
- 3/8" ID hose
- Automatic locking mechanism maintains the desired length of hose
- Quick release on bracket allows reel to be removed for on site use
- Ceiling or wall mount (Hardware included)

Model No.	Hose Length'	Connections"	Wt. lbs.
FH461	25	1/4 brass NPT	10.2
FH462	50	3/8 brass NPT	18.0

## MANUAL REWIND AIR HOSE REELS

- All weather design for indoor or outdoor use
- Rugged utilised bolted construction
- Heavy gauge steel reel frame, spool, and drum
- Drag spring reduces self-unwinding
- Holds 3/8" ID hose (Sold separately)
- 3/8" brass NPT fittings
- 250 PSI/16.7 Bar maximum working pressure
- Corrosion resistant powder coated finish
- Heavy gauge welded mounting bracket (Hardware included)

Model No.	Length'	Wt. lbs.
FH463	50	9.7
FH464	100	13.2

## HOSE REELS

- Can position for wall, floor, ceiling or truck mounting
- Permanently lubricated
- Full flow shaft and swivel connection assures max product delivery
- Flexible hose connection required between source hose and reel inlet to prevent misalignment
- Adjustable hose bumpers allows to maintain any length of hose outside the reel
- 4 bolt mounting base for easy installation
- Low pressure (300 PSI) - small capacity for general air or water, standard hose included, maximum temperature 150°F

# KLETON MODU-WORKBENCHES

## HEAVY-DUTY WORKBENCHES

### CREATE A BENCH FOR YOUR APPLICATION!

- Variety of tops: 14-gauge steel wood filled, laminated wood, shop top and plastic laminate
- Wide range of top sizes from 24" x 60" up to 36" x 72"
- Variety of six pedestals to choose from with working heights of 31" or 34"
- All welded 14-gauge steel legs 22" or 28" deep with a working height of 34", comes standard with electrical duplex knockouts
- Three-piece 14-gauge steel stringer provides stable work surface for all sizes of benches
- Options: Riser shelves, drawers, back stops & end stops, lower shelves, cam locks and leg extensions
- Capacities range from 1000 lbs. to 3000 lbs.
- All mounting hardware included and shipped knocked down
- Powder coated *Kleton* light grey

## MODU-WORKBENCH TOPS

### STEEL WOOD-FILLED TOP:

- Heavy-duty 14-gauge steel with formed edges
- Reinforced wood core for sound and strength
- Overall thickness 1 3/4"
- Colour: *Kleton* light grey

### SHOP TOP:

- For medium-duty applications
- 3/8" double sealed resin custom board covers solid 1" hardwood core
- Overall thickness 1 3/4"

### LAMINATED WOOD TOP:

- Heavy-duty hardwood top
- Solid maple laminations
- Overall thickness 1 3/4"

### PLASTIC LAMINATE TOP:

- Light-duty top with smooth white leather plastic laminate face covers 45-lbs density particle board
- Overall thickness 1 5/8"

If you don't see the workbench configuration that suits your needs give us a call. We can custom build to your requirements.

## KLETON MODU-WORKBENCH PEDESTALS

- Made from all welded heavy gauge steel; 18" W x 21" D x 29 1/4" H
- Full extension drawers' capacity: 100 lbs. per drawer
- Optional bases add height, 3" increments (maximum 2 bases per pedestal)
- Large drawers: 14 1/2" W x 20 1/2" D x 4 1/4" H
- Small drawers: 14 1/2" W x 20 1/2" D x 2 1/4" H
- Doors 16" W x 24" H with adjustable interior shelf
- Doors are reversible, can be opened on either right or left side
- Doors and drawers have knockouts for optional locks
- All bench configurations assume installation of one base
- Any bench using a leg/pedestal combination requires one pedestal base for equal height
- Keyed alike cam locks available
- All mounting hardware included
- Colour: Cabinet frames *Kleton* light grey, doors and drawers *Kleton* blue

### PLATFORM LADDERS (600 SERIES)

- Slip resistant steps, solid working platform for prolonged standing at one height
- Sturdy hand rails on models over 4'
- Platform is 14" W x 16" L
- Folds compactly for easy storage
- Rear rails reinforced vertically on Models MA657 and MA658
- Available with (4) retractable casters for easy mobility

Model No.		Nominal	Overall	Platform			Wt.

Note: 4' ladders come without handrails. All other sizes come with handrails

### SINGLE & EXTENSION LADDERS (7700 SERIES)

- Heavy-duty "I" beam siderails give maximum strength with minimum weight
- Sturdy vinyl coated extruded aluminum end caps protect ladder and prevent marring of walls
- Extra wide, deeply serrated, Traction-Tred® flat top rungs for standing comfort
- Pivoting aluminum shoes with triple riveted, deep ridged PVC treads; ice pick feet for use on mud and snow
- Heavy-duty steel pulley brackets on extension ladders; 5/16" dia. monofilament rot-proof polypropylene rope

# FIBREGLASS LADDERS

## EXTRA HEAVY-DUTY LADDERS

### STEPLADDER (7300 AND 7400 SERIES)

Non-conductive fiberglass construction.  
Both series have a rugged aluminum heavy gauge *Tool-Tra-Top®*.

#### 7300 Series

ANSI Approved Type 1AA - 375 lbs.  
Load Rating. Special Duty/Professional Use

- Reinforced steps 100% braced and triple riveted for enhanced sturdiness
- The *EDGE™* (Energy Diffusing Geometry) bracing system is stronger/more resistant to damage
- Violator stripes on rails make ladder more visible

#### 7400 Series

CSA Certified Grade 1 - 250 lbs. Load  
ANSI Approved Type 1AA - 375 lbs. Rating  
Load Rating

- Tops have massive 3/16" thick side plates
- 4 solid 1/4" aluminum rivets attach top to each front rail
- Extruded rubber slip-resistant feet
- Traction-Tread®* aluminum steps and rear horizontals are knee-braced with triple rivet pattern to resist splitting abuse

Model No.	Nominal Height'	Base Width"	Spread"	Wt. lbs.

## HEAVY-DUTY LADDERS

### TWIN-STEP DOUBLE STEPLADDERS (T6000 SERIES)

CSA Certified Grade 1 - 250 lbs. Load Rating  
ANSI Approved Type 1A - 300 lbs. Load Rating

- Use in electrical, maintenance, painting as well as general contractor applications
- Designed for 2 person use (1 person on each side only - 250 lbs. capacity per side)
- Non-conductive capabilities and a colourful combination of rugged construction and outstanding economy
- Features heavy gauge all aluminum extruded top
- 13" x 8 1/4" and 4 solid 1/4" aluminum rivets that attach top to front rails on each side
- Back-up aluminum plate reinforces all top connections
- Pinch-Proof™* solid external steel plated spreaders
- Traction-Tread®* 3" deeply serrated aluminum steps
- Plated steel, double knee bracing on bottom step - triple riveted front and back
- Heavy-duty extruded rubber slip resistant feet, shielded fiberglass rail ends

# LADDERS & WORK PLATFORMS

## ALUMINUM ROLLING LADDERS

- Widely used in hospitals, banks, offices, pharmaceutical and food processing applications
- Corrosion resistant, easy to clean and non-magnetic
- Slip-resistant steps
- 4 spring-loaded swivel casters retract under the operators weight, rubber-tipped feet drop down
- All welded and come with unpainted aluminum mill finish
- Structural framework is 1/2" schedule 40 high strength aluminum tubing
- 300 lbs. load rating

## ROLLING SAFETY LADDERS

MA617

Certified as per ANSI A14.7

**Note:**  
Ladders are not to be used as work platforms.

MA613

MA615

MA622

**KLETON**

MA624

- Ideal wherever there is a need to reach bulky materials
- Roll easily into position and lock firmly to the floor for maximum safety
- 2 to 6 step ladders operate on spring-loaded casters
- Casters retract under operator's weight, rubber feet drop down
- First step on all 8 to 16 step ladders activates the floor locking mechanism (step off and kick release to make the ladder mobile)
- Non-clogging slip-resistant steel steps
- Frame is rugged welded 1" round steel tubing
- 8 to 16 step ladders shipped knocked down, easily assembled

# WORK PLATFORMS & SCAFFOLDING

## HIGH WORK MAINTENANCE PLATFORMS

- Convert forklift truck into safe, efficient work platform
- Take care of overhead maintenance problems without setting up ladders or scaffolds
- Non-skid platform
- 72" safety mesh backscreen keeps operator and equipment away from lift mechanism
- Forks slip easily into pockets then attach safety chains
- Load capacity: 600 lbs
- No assembly required

MD948

MD444

**KLETON**

### NOTE:

Kleton Maintenance Platforms meet or exceed ASME B56.1 safety standard when a safety harness and lanyard are worn.

Model No.	Description	Wt. lbs.
MD444	High Work Platform - 36" x 36" platform	230
MH800	High Work Platform - 48" x 48" platform	300
MD338	Optional 6" caster kit	10
MD948*	Light Bulb Caddy 15" W x 15" D x 43" H	25

\* Mounts on Models MD444 and MH800.

## MOVABLE SCAFFOLDING

### A. ROLLING SCAFFOLD

- Adjustable every 4" with maximum platform height of 6'
- Allows workers to safely reach variety of heights
- Compact - can pass through standard doorways and down narrow aisles
- 5" swivel casters with brakes
- Overall dimensions: 6' W x 28" D x 6' H
- 700 lbs. static capacity
- Shipped knocked down

### B. MINI-MOBILE SCAFFOLD

- Sturdy, lightweight, easy to assemble and take down, compact for storage
- Adjustable platform height up to 4'
- Steel frame: two 9 5/8" x 45" steel platforms
- Frame is painted w/ polyester powder coating
- 4" swivel casters with brakes
- Comes with utility shelf: 23 1/2" x 8 1/2", 3/4" lip and holes for tools
- Overall dimensions: 45 1/2" W x 22" D x 50" H

## FORTRUSS® STEEL ROLLING TOWER SCAFFOLD (SS SERIES)

The scaffolds include guard-rail system which are easily assembled or adjusted by just one person. Fortruss® may be stacked, utilizing up to 3 units to a maximum of 15'. Outriggers are required when stacking over 6'.

- Pistol grip for easy one-man height adjustment
- Caster stem snaps into frame securely with no chance of caster drop-out
- Expanded end frame tube ends with locking tab making it easy to lock stacked sections or casters into place
- Tightening 'L' knob for better connection between truss and end frame increases stability
- Dual-lock casters are 5" x 1 3/8"
- Rectangular steel tubing end frame with round rungs
- Exterior grade plywood platform: 5/8" thick x 29" W x 65 3/8"L or 89 3/8"L
